COMPANY PROFILE

Dear Colleagues & Partners/ Well-Wishers,

We are feeling very happy to introduce our new venture **VIVERA** with wide range of Sanitary ware Products.

VIVERA Sanitary wares is a modernized international enterprise integrated with R&D, manufacturing, sales and service. We have a complete Sales Strategy and efficient sales team, applying brand strategy, setting up enterprise image, and being the Advocate and Pioneer in the field of world class sanitary ware.

Keep improving and striving for excellence is the core strategy to our quality requirement. The company is devoting itself to exploring deeper on global sanitary ware, so as to provide high-quality products and sincere, sophisticated service to the whole society and customers, to build up the better life for all humans.

Manufacturing Facility

Our use of innovative manufacturing technologies means that we are able to create excellent quality sanitary ware products in the latest designs at extremely competitive prices.

Vivera sanitaryware is a company that has big scale, high technology and a variety of products. It has over 20 series of sanitary wares including art basin, cabinet basin, wall-hung toilet, one-piece toilet, two-piece toilet, pedestal basin, wall-hung basin, counter basin, art basin, urinal.

From design to manufacturing, we only use the most technologically advanced materials and processes. This has ensured our position as market-leader and innovative creators of sanitary and bathroom wares.

Quality

Our company has established cooperative relationship with foreign countries, that introduce advanced technology and management from Spain and Italy for reaching the international advanced standards of performance.

Vivera Grout & Adhesive for Best Results

• The Best General Maintenance Is Regular Cleaning – Wipe The Tap With A Dry Towel After Use.

Even though our finishes are considered durable, you should never use any abrasive type cleaners, clothes, or pads to clean your fixtures. Always try and keep your finishes clean and dry. Trapped moisture on the surface of your finish can lead to staining and scaling. Astringent cleaners, chlorine, bleach, along with acidic based organic cleansers are potentially harmful to these finishes. Chrome plated finishes are very tarnish resistant. However, they are not indestructible and can scratch and mar.

- Do not allow water spots to dry on the fixture. Keep the surface clean and dry after use.
- Periodic cleaning can be done by applying mild soap with a soft clean cloth to gently remove surface spots.
- Never use cleaners with bleach, abrasives, or vinegar. Never use any type of abrasive pad or sponge.

• What Cleaning Products Can Cause Damage To Finishes?

Always blot dry any water from faucet surface. Allowing water to evaporate on the surface can lead to build up of mineral deposits. Cleaning with a damp non-abrasive sponge and buffing it dry with a clean soft cloth should help keep your product looking beautiful. To remove water spots, use warm water and a soft, damp cloth. Hard water stains may be removed using a 50/50 solution of white vinegar and water. Make certain that you rinse thoroughly with water afterward.

- Avoid using the following which can damage your finish.
- Avoid industrial cleaners and abrasive cleaners, such as those used for toilet bowls, green Scotch Brite heavy duty scrub sponges, Scrubbing Bubbles Bathroom Cleaner and Lysol Basin Tub, Soft Scrub, and Tile Cleaner.
- Avoid products that state on the label that they remove tarnish and rust, and those containing hydrofluoric, hydrochloric and/or phosphoric acids and caustic agents.
- Avoid harsh abrasives or polishes. • Avoid bleach-based cleaners.

• Please Note:

We are committed to providing you with the best quality and cosmetic finish to your sparkling new faucet each time, every time. Please ensure the installer, technician or plumbers handle and install the product with due diligence, it is very easy for someone to blame a third party if the product is damaged.

CONDITIONS OF WARRANTY

- In case of only manufacturing defect in the product, company shall either repair the defect or replace the piece with a product of equivalent value.
- This warranty will not be valid for the products for or parts there of that don't use original company spare parts and which have been repaired by unauthorized / unqualified persons.
